EVERYDAY BUSINESS

INNOVAZIONE A PELLE

La linea business è pensata per i dipendenti della pubblica amministrazione e direzionali. La migliore qualità con il miglior comfort da utilizzare tutti i giorni. Tessuti traspiranti, morbidi e termoregolanti, caratteristiche uniche di una produzione attenta per i diversi business.

Vestire il comfort con Worik ha un valore altissimo rispetto al prezzo. Ogni ambiente e ogni utilizzo, anche nel tempo libero, fanno di questa linea un must have per ogni azienda che desideri dare un plus ai propri dipendenti in termini di innovazione ed artigianalità.

Calze a compressione graduale riattivano e alleviano il senso di affaticamento e pesantezza durante viaggi di lavoro di lunga durata come durante l'utilizzo quotidiano.

The business line is designed for public administration and executive employees. The best quality with the best comfort for everyday use. Breathable, soft and thermoregulating fabrics, unique characteristics of a careful production for different businesses.

Dressing in comfort with Worik has a very high value compared to the price. Every environment and every use, even in free time, make this line a must have for any company that wants to give a plus to its employees in terms of innovation and craftsmanship. Gradual compression stockings reactivate and relieve the sense of fatigue and heaviness during long-term business trips such as during daily use.

UNDERWEAR

CONCEPT

PROTECH

TSA 150

TERRY STRETCH ANTISTATIC | 150 gr/sqm

Tessuto termoregolante e antifreddo, ideale per chi opera in ambienti a bassa temperatura o esterni in stagione invernale. L'utilizzo della microfibr di carbonio No-Shock è in grado di dissipare le cariche elettrostatiche, azzerare la proliferazione di batteri e svolgere una funzione antistress. La capacità conduttiva della fibra di carbonio, in termini di prestazione dissipativa, è la migliore in assoluto e tale da rendere i capi realizzati con questa fibra rispondenti alle norme europee per i DPI antistatici-dissipativi. Le proprietà anallergiche del carbonio lo rendono inoltre vestibile a prima pelle anche da individui epidermicamente sensibili.

Thermoregulating and anti-cold fabric, ideal for those who work in low-temperature environments or outdoors in winter. The use of No-Shock carbon microfiber is able to dissipate electrostatic charges, eliminate the proliferation of bacteria and perform an anti-stress function. The conductive capacity of carbon fiber, in terms of dissipative performance, is the best ever and such as to make garments made with this fiber compliant with European standards for antistatic-dissipative PPE. The hypoallergenic properties of carbon also make it wearable at first skin even by epidermally sensitive individuals.

SUPPLIES

ECL90

ESSENTIAL CLIMA LIGHT | 90 gr/sqm

Realizzata con una maglia extra sottile e ad elevatissimo numero di punti maglia per pollice (una tecnologia paragonabile al "HD" degli schermi visivi). In tecnologia Seamless per avere un fitting con il massimo comfort ma con l'innovazione di non contenere elastomero per garantire la massima traspirabilità.

Una capacità termoregolante e traspirante senza paragoni e protezione termica anche in ambienti non propriamente caldi. Una soluzione versatile per l'utilizzo in attività miste che possono variare per intensità di movimento e situazioni termico-ambientali.

Made with an extra thin mesh and a very high number of stitches per inch (a technology comparable to the "HD" of visual screens). In Seamless technology for a fitting with maximum comfort but with the innovation of not containing elastomer to ensure maximum breathability.

An unparalleled thermoregulating and breathable capacity and thermal protection even in not exactly hot environments. A versatile solution for use in mixed activities that can vary in intensity of movement and thermal-environmental situations.

SIZE CONVERSION TABLE

MEASUREMENT

La tabella riporta taglie indicative. Si consiglia, laddove possibile, una verifica a capo indossato. Le misure indicate si riferiscono al capo steso. Non tutte le taglie sono prodotte per ogni modello.

The table shows indicative sizes. It is advisable, where possible, to check the garment worn. The measures indicated refer to the stretched garment. Not all sizes are produced for every model.

ALPHANUMERIC CODE

La codifica identificativa degli articoli è definita da un codice alfanumerico così strutturato.

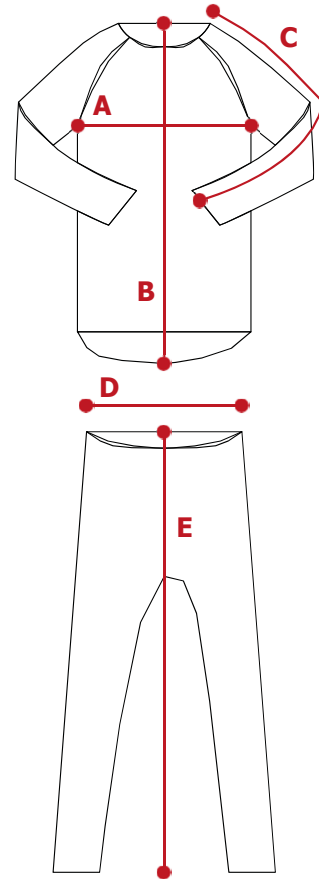

Esempio > MTHS_61_2

MTHS = codice articolo | 61 = codice colore | 2 = codice taglia

The identification code of the articles is defined by an alphanumeric code structured as follows.

Example > MTHS_61_2

MTHS = article code | 61 = color code | 2 = size code
